

VIP Rail Systems

VIP Rail Systems

> The VIP Rail System provides a consistent framework for designing meeting rooms, offices and conference rooms. Designed to mount to the wall, VIP Rails are designed to create a 1 or 2 level presentation system.

> The 6cm wide aluminum profile creates a characteristic, unbroken horizontal line while at the same time keeping all boards and flip charts in order. Steel ball bearings fitted inside the rails make it easy to hang or take down loose sheets of paper without damage.

Finish:

Matte Anodized Aluminum Rail

Varieties and Dimensions:

Size Range

Single Top Rail 36" w – 192" w 0.75" d
