

VIP+ Divider Systems 2022

Workspaces influence the work of the people who use them. A good one will foster innovation and productivity. A poor one will be a drag on those things. VIP+ Dividers from Corona Group combine glass or porcelain marker boards, tackable boards, decorative glass and acoustic panels into architectural elements that open and close off areas.

They empower your people by helping them to focus, capture and share ideas more efficiently. They can make your workspaces work harder. And be more agile. Here are some of the ways they do it.

VIP+ Sliding Wall Panel System

- > Available as Top-Hung or Bottom Rolling Systems in glass, porcelain, ACOUSTICOR, fabric or cork.
- > Shown with Sliding Glass Markerboards and Custom Cut-Out ACOUSTICOR PET Panels.
