

elements Series Mobile Boards

elements Series Mobile Board System

> A simple frame of anodized aluminum is the foundation of the eisysVISUAL *elements* Series.

> The *elements* Mobile Board makes use of traditional and non-traditional elements such as Glass, Porcelain enamel steel (white and chalk), fabric, acoustical fabrics, even 100% recycled rubber, creating a wide range of mobile presentation solutions for a multitude of environments.

> The *elements* Mobile Board is a single board with material on each side creating a two-sided board. It comes standard with a cast aluminum base, lockable casters and can be linked.

> *elements* Series Mobile Board standard sizes: up to 78" high including casters widths from 30" to 60"
